

School Course List - Custom Selection

2/26/2021

Course > CrsCode	Description	Department	GrdLvl	Summary
MTMET10	METALWORK 10	Applied Skills	10	A wide variety of metal types and metalworking process will be used to produce a series of required projects. A thorough foundation will be set in machining procedures and skill development. Safe use of the shop's equipment is demonstrated and expected of students. Later in the course, if time permits, students will be able to design and build their own projects. Some projects will have a cost that will be determined by the material students use.
MCLE-10	CAREER LIFE EDUCATION	Applied Skills	10	Career Life Education is a required course that will enable students to develop career and education plans, make thoughtful decisions, and take responsibility for pursuing their goals. The main component of CLE include: Graduation planning and requirements; Education and Career Research; Financial Literacy and Global Economic market conditions, and Community Networking, Innovation, and Entrepreneurship.
MWWK-10	WOODWORK 10	Applied Skills	10	Students will build on previous woodworking skills. As students abilities improve, their projects become more complex. Opportunities for projects in this course include a patio chair, and foldable table. Students will be challenged with their own choice projects and design opportunities.
MTPOW10	ADST - POWER TECHNOLOGY 10	Applied Skills	10	Students will disassemble and rebuild a four-stroke engine. You may bring in your own project for this task. Students will be expected to have a project in mind to work on or build. This may be a go-cart, mini-bike or other self-directed project.
YCPA-0A	BA LEADERSHIP 10	Applied Skills	10	This course will offer students the opportunity to learn, to develop, and to discover leadership knowledge and skills. the most important prerequisite is the determination to improve self, school, and community - no experience necessary, only desire and commitment. Topics to be covered include; self awareness and esteem, communication skills, organisational skills, goal setting, implementation strategies, time management, group process, problem solving, evaluation. This course is offered outside of the timetable and should be considered as a 9th course.
MFOOD10	ADST - FOOD STUDIES 10	Applied Skills	10	This course's main focus is healthy snacks and meals that are delicious! Students will add to their knowledge of nutrition, sanitation, and safety and build on their culinary techniques. Yummy labs include everything from banana creme crepes to beef stroganoff to chicken ceasar wraps. No previous cooking experience is required to take this course. Current health and food issues will be explored.
				This hands-on course is for students who would like to learn how to sew or would like to develop their sewing skills

MTXT-10	TEXTILES 10	Applied Skills	10	further. Projects include those with collars, button-holes, zippers and set-in sleeves. A textile art quilting project may be included. Basic supplies for the curriculum are provided. Students may choose to buy other materials.
MMEDD10	ADST - MEDIA DESIGN 10	Applied Skills	10	Want to join the Seaton Yearbook Team? Yearbook is an out-of-timetable digital art course where students use an online design program to create beautiful pages for the school yearbook! Working as a team, the class decides on the "theme" for the year. Previous themes have included "Storybook", "Sketchbook", and a 1980's retrospective! We require several photographers in this class, so if you enjoy taking pictures, this is the class for you! This class runs all year as a linear course outside the regular timetable. The Yearbook Team meets Wednesdays after school from 3:15 - 4:45.
MWBDV10	Web Development 10	Applied Skills	10	Web Development 10
MVAST10	ART STUDIO 10	Fine Arts	10	Art Studio 10 This is a studio art class for the serious art student, one who has demonstrated dedication and ability in the past, and with an enthusiasm for the practical experience of art. It will focus primarily on drawing and painting. This is a comprehensive course wherein students create a portfolio of work to demonstrate the artistic skills and ideas they have developed, refined, and applied over the course of the year.
MDRM-10	DRAMA 10	Fine Arts	10	DRAMA 10 Drama 10 builds on the skills learned in Drama 8 & 9. Group and individual projects intensify and include the Brown Bag short play festival. If there is a Directing/Script Development class running in the same block, these students will be the actors for those directors.
MMUTH10	MUSICAL THEATRE 10	Fine Arts	10	Students in this class MUST have successfully auditioned in the previous school year. This is a performance course and students will learn triple threat skills in acting, singing, and dancing as they prepare a full scale 17th Street Theatre musical show for the public. There is considerable out-of-school time commitment for this course. Students must be available after school, evenings, and weekends.
MDRTC10	DRAMA: THEATRE COMPANY 10	Fine Arts	10	Students in this class MUST have successfully auditioned in the previous school year. This is a performance course where students will learn acting, voice and movement skills as they prepare a full scale 27th Street Theatre show for the public. There is considerable out-of-school time commitment for this course. Students must be available after school, evenings and weekends.
MDRD-10	THEATRE PRODUCTION 10	Fine Arts	10	Theatre Production 10 focuses strictly on learning and the behind the scenes production elements of putting on a major production. These students build the set for the current 27th Street Theatre production, and learn about lights, sound, costumes, sets, and publicity. they will do an independent focus project alongside the class project of creating the

				show. Students in this class have first choice of production jobs for the current 27th Street Theatre show.
MMUCB10	CONCERT BAND 10	Fine Arts	10	This band is a continuous process program with emphasis on the development of playing and sight-reading skills and the study/performance of concert band literature of all types (traditional, modern, popular, etc.). Student enrollment in this program will be assigned to one of two concert bands, intermediate or advanced, according to their playing ability.
MVAG-10	VA 10: GENERAL	Fine Arts	10	This class continues to introduce students to varied materials, styles, and techniques. It examines in closer detail the principles and elements of design. Drawing, painting, ceramics, sculpture, crafts, and printmaking are all covered in this course.
MMUCC10	CHORAL MUSIC: CONCERT CHOIR 10	Fine Arts	10	This course is open to all students with an interest in singing! It runs outside the timetable on Thursdays from 3:15 to 4:45 and is encouraged as a 9th course. Through the rehearsal and performance process students develop musical skills including sight-reading, rhythm, soloing, and an understanding of a variety of forms of music. Additional choirs (honour/jazz/multi-mic) will be auditioned from out of this group and will rehearse at separate times. Instrumentalists are encouraged to join choir and bring their instruments.
MMUJB10	INSTRUMENTAL MUSIC: JAZZ BAND 10	Fine Arts	10	This course is supplement to the concert band program with emphasis on the development of playing and improvisational skills. This is an extra option for credit as a 9th course offered outside of the timetable. Members will be assigned to either the junior or senior Jazz Ensemble.
MCMPS10	COMPOSITION 10	Language Arts	10	Composition 10 is designed to support students in their development of written communication through a critical process of questioning, exploring, and sampling. Within a supportive community of writers, students will work individually and collaboratively to explore and create coherent, purposeful compositions. Students will read and study composition by other writers and consider a variety of styles as models for the development of their writing. They also develop their craft through processes of drafting, reflecting, and revising.
MCTWR10	CREATIVE WRITING 10	Language Arts	10	Creative Writing 10 is designed for students who have an interest in creative expression through language. The course provides students opportunities to build their writing skills through the exploration of identity, memory, and story in a range of genres. Within a supportive community of writers, students will collaborate and develop their skills through writing and design processes.
				Literacy Studies 10 plus one additional ELA option of choice. 2 + 2 credits the new curriculum for English Language Arts 10 includes five exploration areas: Literacy Studies, Composition, Spoken Language, Creative Writing and New Media. All Grade 10 students will earn credit for

MLTST10	LITERARY STUDIES 10	Language Arts	10	<p>Literacy Studies 10 (2 credits) and will have an opportunity to explore one other option (2 credits) for a total of 4 credits. Students will look at a variety of texts including short fiction, nonfiction, poetry, novel, graphic text and film and methods of expression such as journals, podcasts, narratives, creative fiction, essays and short film. First Peoples texts, world views and Principles of Learning will be embedded into the course.</p> <p>New Media 10 is a program of studies designed to reflect the changing role of technology in today's society and the increasing importance of digital media in communicating and exchanging ideas. This course is intended to allow students and educators the flexibility to develop a program of study centred on students' interests, needs, and abilities, while at the same time allowing for a range of local delivery methods. New Media 10 recognizes that digital literacy is an essential characteristic of the educated citizen. Coursework is aimed at providing students with a set of skills vital for success in an increasingly complex digital world by affording opportunities to demonstrate understanding and communicate ideas through a variety of digital and print media. New Media 10 explores tasks and texts designed to introduce students to the study of new media</p>
MNMD-10	NEW MEDIA 10	Language Arts	10	<p>SPOKEN LANGUAGE 10</p> <p>The course is grounded in the First Peoples Principles of Learning. It is designed for all students, Aboriginal and non-Aboriginal, who are interested in delving deeply into First Peoples oral and written literature and visual texts in a range of media. The course focuses on the experiences, values, beliefs, and lived realities of First Peoples as evidenced in various forms of text, including oral story, poetry, song, performance, film, and prose. A key feature of the course is its focus on authentic First Peoples voices (i.e., historical or contemporary texts created by or with First Peoples).</p> <p>In this class, a more sophisticated and communicative approach is taken to the French language with a special emphasis on the past tenses and on oral descriptions. A good understanding of this course will ensure success in French 11 and 12. Good listening skills are required and enforced. Oral communication is an essential component of French 10.</p> <p>Nsyilxcen 10 OK LAN 10 The study of Nsyilxcen language and culture is intended to enable learners to communicate in Nsyilxcen. It also provides opportunities for students to gain insight into their own culture, and encourages the development of intercultural sensitivity.</p> <p>This pathway is designed to provide students with the</p>
