

At School District No. 22 (Vernon), we are preparing our Annual Budget for the 2018/2019 fiscal year. The Board of Education invites all community members to share their views on what they would like to see as the school district's educational priorities for the coming year.

Please ensure to first download and save the document to your computer/desktop so comments are saved. Forms filled out in your browser may not retain your comments.

1. Are there any specific programs, areas, or activities where you would like to see the district make additional resources available?
2. What areas should be given priority in order to support success for all students?
3. What areas do you feel progress is being made and should be continued?
4. Do you have any general comments you would like to add?

Thank you for taking the time to provide input into the 2018/2019 budget.
