

Montessori students experience:

SELF-GUIDED LEARNING

Students gain the skills to direct their learning, creating intrinsic motivation as they explore subjects of interest at a deeper level. This approach also builds independence as they plan their lessons, achieving academic success within the British Columbia Curriculum.

EXPERIENTIAL LEARNING & NATURAL, INTENTIONAL MATERIALS

Children get excited about using the beautiful, thoughtfully designed Montessori materials that allow them to move and learn in a lasting, hands-on way. Classrooms are also carefully designed to promote concrete learning and movement.

COMMUNITY & LIFE SKILLS

Montessori classrooms across Grade 1-6 collaborate on projects and events to grow the spirit of community within our school. Students also join throughout the year for special practical life skills learning, often hosted by parents and members of the community.

WHOLE CHILD & TEACHER-AS-GUIDE LEARNING

Montessori teachers observe each child, working one-on-one as a guide to introduce children to the range of materials they need at just the right time. Montessori teachers hold a British Columbia teaching certificate and additional Montessori teacher training.

MULTI-AGED CLASSROOMS

Mixed-aged rooms help children solidify their learning, and it develops leadership, collaboration and trust amongst their peers.

"You immediately notice the feeling of calmness in the classrooms and the beautiful, natural materials that make their hands-on learning so engaging & impactful. We love seeing the independence and pride they develop in creating their work plans and diving deeper into their interests and strengths."

CONNECT WITH US

Learn more about the Montessori experience and success stories from our families! Parents and teachers are happy to answer your questions. vernonmontessorisociety@gmail.com 

REGISTER

- Your child must be entering their Grade 1 year in September.
- Registration runs Jan. 15–Feb. 15 at Silver Star Elementary School; forms will be provided & spaces are drawn by lottery.
- Bring: Child's Birth Certificate, BC Services Card or BC Care Card, Proof of Residential Address (2 pieces), Immunization Record.
- Learn more at <http://www.sd22.bc.ca/District/registration/>

School fees follow the School District fee schedule and there are no additional registration fees. Parent support and donations to the Vernon Montessori Society help fund the cost of Montessori learning materials.

"I have two completely different children in Montessori and I like that they will have a tool box to support their own interests and work at their own level."
