

# COVID-19

## BACK TO SCHOOL 2021

### SAFETY - OUR PRIORITY

Students and staff can safely participate in full-time, in-class instruction in accordance with current public guidelines for schools. All members of our School District No. 22 (SD22) community have a shared responsibility to protect themselves and others from the spread of COVID-19, or any other communicable disease. A detailed [Communicable Disease Plan](#) is part of SD22's commitment to promote the health and safety of all employees, students, and visitors by providing information that can be used to prevent the contraction and spread of communicable diseases, and to guide appropriate responses.

Our plans are based on current guidance from the BC Centre for Disease Control ([BCCDC](#)).

### SUPPORTIVE ENVIRONMENTS

- Supporting the health and well-being of students, staff, and families continues to be our top priority.
- Addressing pandemic impacts on student learning and well-being, with a focus on the "whole child" including literacy, numeracy, social-emotional development and mental health.
- Providing inclusive and compassionate learning environments through trauma-informed practices.
- Implementing strategies to routinely support students to practice personal prevention measures.

All members of the SD22 community are expected to follow the SD22 Communicable Disease Plan in conjunction with the [BCCDC Public Health Guidelines for K-12 Schools](#), and the [Provincial COVID-19 Health and Safety Guidelines for K-12 Schools](#). All employees are expected to read, know, and organize their work in accordance with these guidelines.

### GUIDELINES

#### To Continue:

- **All K -12 staff, visitors, and K -12 students required to wear masks** - indoors and on buses
- **Daily health check** - [K-12 Health Check App](#), [Self-Assessment Tool](#), [Daily Health Check](#), or BCCDC's "When to get Tested"
